A SMART CHOICE FOR EVERYDAY LIFE

IMMUN ACTIVE is a new-generation, sugar-free functional drink concentrate that redefines hydration.

No more carrying heavy bottles, and no need to compromise between water and functional drinks.

From a single 500 ml bottle, you can prepare up to 3 liters of a drink enriched with vitamins and minerals – quickly, easily, anywhere.

FOR EVERY LIFE SITUATION

IMMUN ACTIVE is not just a drink – it's a conscious system that adapts to different situations in everyday life.

Whether it's sports, hydration, immune support, or relaxation, you'll find the right solution for every situation.

SMART HYDRATION

You decide:

- how intense the flavor should be
 - what you dilute it with (sparkling or still water)
 - when and in what situation you consume it Simpler.
- More practical. More conscious hydration.

Why choose IMMUN ACTIVE?

- Multiple liters of ready-to-drink beverage from one bottle
- No more carrying heavy bottles
- You control flavor intensity
- Can be prepared anytime, anywhere
- Compact and easy to carry

USAGE

Recommended dilution: 1:5

Quick, simple, routine use:

- during work
- at home
- during sports

Dilute with water. Done.
